THE HONORABLE HARRY HUGHES
Government House
Annapolis, Maryland

Dear Governor Hughes:

I have the honor to submit the 112th Annual Report covering the operations of the Maryland State Department of Education for the fiscal year ending June 30, 1978.

The report contains detailed statistical data, both operational and financial, for all school systems in the State. We hope it will be useful both as a historical record and as an informational guide to legislators, school board members, and the interested public.

Respectfully submitted,

A handwritten signature in cursive script that reads "David W. Hornbeck".

DAVID W. HORNBECK
Secretary-Treasurer
State Board of Education

NOTE: Tables 38-77

The data included in these tables were derived from the Staff Data System which is maintained by the Maryland State Department of Education. The information is contained in Certificated/Professional Reports supplied by the counties of the State and Baltimore City. Through their efforts and cooperation in submitting accurate data, these statistical tables have been made possible.

As the table titles indicate, only school-level professional personnel are included; administrators in the school are included, but those in central offices are excluded. New staff are those who were not employed in the public school system of the same local unit at the time of the previous report.

For the most part, the reports deal with the school year 1977-78. The data have essentially the same base as those staff reports which this Department published in 1971-72 and in prior years, so that comparisons and trend data can be used. The personnel included in the statistics are those who were employed September, 1977; however, new staff may have been hired any time after October 1, 1976.

Separations are people who terminated their employment with a local unit between October 1, 1976 and September 30, 1977. In calculating the percent of separations, the base used is the total staff minus the new staff plus the separations. Personnel who left and returned to the same local unit during the year are not included as separations; they are deemed to be on leave.

Transfers between local unit in tables 62 through 68 are determined by causes reported by the unit from which they left; transfers reflected in the new staff tables 69 through 77 are those reported by local units to which the transfers went. (In other words, often people do not tell their present employers that they are going to another local unit, but they must tell the new units their past locations so their employment records will be accurate.)

THE HONORABLE HARRY HUGHES
Government House
Annapolis, Maryland

Dear Governor Hughes:

I have the honor to submit the 113th Annual Report covering the operations of the Maryland State Department of Education for the fiscal year ending June 30, 1979.

The report contains detailed statistical data, both operational and financial, for all school systems in the State. We hope it will be useful both as a historical record and as an informational guide to legislators, school board members, and the interested public.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "David W. Hornbeck", written over a horizontal line.

DAVID W. HORNBECK
Secretary-Treasurer
State Board of Education

NOTE: TABLES 39 - 78

The statistics included in these reports were derived from an automated data system which is maintained by the Maryland State Department of Education. The information is contained in Certification/Professional Reports supplied by the counties of the State and Baltimore City. Through their efforts and cooperation in submitting accurate data, these statistical tables have been made possible. However, due to local differences in accounting for staff members on leave, inaccuracies have occurred in the "separation" data. In the September 1977 report, many of the staff members who were on leave of absence were not reported by Montgomery, Prince George's, and Baltimore City. In this 1978 report, the matter has been corrected by Montgomery and Prince George's, but Baltimore City indicates only 2 on leave, which is obviously not correct. It is believed that accurate data in this field will be available for the 1979-80 year.

As the table titles indicate, only school level professional personnel are included; administrators in the school are included, but those in central offices are excluded. New staff are those who were not employed in the public school system of the same local unit at the time of the previous report.

For the most part, the reports deal with the school year 1978-79. The data have essentially the same base as those staff reports which this Department published in 1971-72 and in prior years, so that comparisons and trend data can be used. The personnel included in the statistics are those who were employed September, 1978; however, new staff may have been hired any time after October 1, 1977.

Separations are people who terminated their employment with a local unit between October 1, 1977 and September 30, 1978. In calculating the percent of separations, the base used is the total staff minus the new staff plus the separations. Personnel who left and returned to the same local unit during the year are not included as separations.

Transfers between local units in tables 63 through 69 are determined by causes reported by the unit from which they left; transfers reflected in the new staff tables 70 through 78 are those reported by local units to which the transfers went. (In other words, often people do not tell their present employers that they are going to another local unit, but they must tell the new unit their past locations so their employment records will be accurate.)

THE HONORABLE HARRY HUGHES
Government House
Annapolis, Maryland

Dear Governor Hughes:

I have the honor to submit the 114th Annual Report covering the operations of the Maryland State Department of Education for the fiscal year ending June 30, 1980.

The report contains detailed statistical data, both operational and financial, for all school systems in the State. We hope it will be useful both as a historical record and as an informational guide to legislators, school board members, and the interested public.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "David W. Hornbeck", written over a horizontal line.

Note: Tables 37 - 76

The statistics included in these tables were derived from an automated data system which is maintained by the Maryland State Department of Education. The information is contained in Certificated/Professional Reports supplied by the counties of the State and Baltimore City. Through their efforts and cooperation in submitting accurate data, these statistical tables have been made possible.

As the table titles indicate, only school level professional personnel are included; administrators in the school are included, but those in central offices are excluded. New staff are those who were not employed in the public school system of the same local unit at the time of the previous report.

For the most part, the reports deal with the school year 1979-80. The personnel included in the statistics are those who were employed September, 1979; however, new staff may have been hired any time after October 1, 1978. Separations are people who terminated their employment with a local unit between October 1, 1978 and September 30, 1979. In calculating the percent of separations, the base used is the total staff minus the new staff plus the separations. Personnel who left and returned to the same local unit during the year are not included as separations.

Transfers between local unit in tables 61 through 67 are determined by causes reported by the unit from which they left; transfers reflected in the staff tables 68 through 76 are those reported by local units to which the transfers went. (In other words, often people do not tell their present employers that they are going to another local unit, but they report to the new employer their past work locations so their employment records will be accurate).

THE HONORABLE HARRY HUGHES
Government House
Annapolis, Maryland

Dear Governor Hughes:

I have the honor to submit the 115th Annual Report covering the operations of the Maryland State Department of Education for the fiscal year ending June 30, 1981.

The report contains detailed statistical data, both operational and financial, for all school systems in the State. We hope it will be useful both as a historical record and as an informational guide to legislators, school board members, and the interested public.

Sincerely,

A handwritten signature in cursive script, appearing to read "David W. Hornbeck".

DAVID W. HORNBECK
State Superintendent of Schools
